Number 1 and No. 2 docks were occupied at the end of August. Navy dock at Swan Island was idle at end of month.

St. Johns Docks: Finished repairs to warehouse & fence damaged by brush and grass fire. Finished repairs to approach to wharves. Started to make repairs to decking on wharf at head of docks #1 & #2. Maintained and made necessary repairs to floating dock sections. Cleaned and maintained electrical equipment on both docks. Inspected and maintained pumps & piping. Made repairs to gratings, keel blocks, staging and miscel equipment on both docks. Maintained & repaired wharves, piers and buildings on wharves & piers. Maintained fire service equipment on piers, wharves & dry docks. Operated transport & cranes. Operated air compressor service. Maintained and operated heating plant as required. Maintained transport equipment. Maintained machine and hand tools. Cleaned & maintained electrical equipment and power lines of auxiliary plant. Maintained air pipe lines, meters etc. Cleaned and maintained ~~wharves~~ wharf cranes. Cleaned yard, cleaned auto parking area and maintained buildings on shore. Inspected and maintained fire service on shore. Cleaned and maintained roadways & tracks. Continued the re-calking of dock #2.

SWAN ISLAND DOCK: Cleaned dock & prepared for Navy inspection. Made 4-1-1/4" x 6-1/4" studs for gantry cranes. Finished renewing timbers under gantry crane tracks on finger pier. Cleaned & maintained buildings, yard and auto parking area. Inspected air pipe lines. Inspected and maintained electric lines & equipment other than on Navy dock. Cleaned & maintained hand tools. Cleaned & maintained air compressors. Maintained cranes and transport equipment. Operated air compressors as required. Operated cranes and transport equipment. Maintained water lines & fire service equipment. Cleaned & maintained outfitting pier & wharf. Repaired staging, gauge boards, blocks etc on Navy dock. Inspected & maintained pumps & piping. Inspected, cleaned and maintained electrical equipment on Navy dock. Maintained floating dock sections. Continued painting gantry crane #5. Renewed timbers under crane tracks and trolly slots. Continued repairs to decking on wharf. Continued activation of sub station "J".

Field Office-Swan Island: Made 6-1/2" x 1" - 6 ft wooden strips for use in hanging maps.

Page #3

DREDGING PIPE: Handled shore pipe at Swan Island.

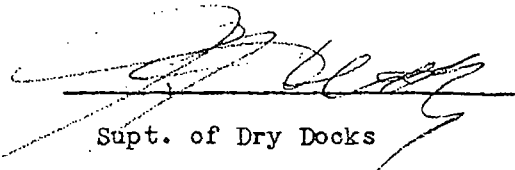

STR. PORTLAND: Assisted in inspection of boilers. Burned out castings in fire box of both boilers. Handled brick in connection with furnace repairs. Cleaned & re-packed valves, cut gaskets and re-assembled. Cleaned up-takes & patched holes. Connected electric shore power & furnished water, electricity and air in connection with cleaning & painting hull. Checked labor & material furnished by Albina Engine & Machine Works in connection with cleaning & painting hull.

PORTLAND INTERNATIONAL AIRPORT: Planning in connection with construction of new location for General Airways. Planning etc in connection with construction of hangars & facilities. Inspected electrical equipment.

~~DRENNEXELAKOMAS~~

F-28 Store Stock: Installed studdy metal on edges of cutter blades recently purchased for future cutter repairs.

Yours truly,

  
Supt. of Dry Docks
